Account Number : 024020197648

Sub Total **Rs 45,000**

Initial Payment **Rs 9,000**

Balance upon completion of milestones

PROJECT BACKGROUND

PROJECT SCOPE

This proposal outlines the development of a modern, responsive website for an A/L Maths tutor. The platform will serve as a learning management system (LMS)-style portal, with secure logins for students to access downloadable past papers, upload their answers, and receive marksheets from the tutor.

PROJECT OBJECTIVES

- **Public Website (5 Pages)** : Home / About / Subjects / Top Rankers / Contact .
- **Student Portal** : Secure login/signup, Dashboard with assigned papers , Countdown timer next to each paper (submission deadline), .
- **Admin Dashboard**: Login, Upload PDFs (papers) with deadlines , View and download student submissions, Upload marksheets per student, Manage registered students.

TIMELINE - 4 WEEKS

Week 1

- Understanding client needs.
- Finalizing project scope and creating a detailed plan.

Week 2

- Design CMS schema: Papers, Submissions, Users
- Plan PDF storage structure

Week 3

- Apply submission deadline logic
- Role-based authentication

Week 4

- Admin Panel Development - Basic CRUD operations and CMS
- Student dashboard with login, downloadable papers
